November 20, 2020

Dear Parents and Guardians,

We at Bowden Grandview School know these are very difficult times for our school community. As you know, we have had a positive case of COVID identified within our school and as a result most students in grades 1-10 have been identified as close contacts and have been sent home to isolate and can return on December 2. Students in playschool, Kindergarten and grades 11 and 12 will continue to come to school on Monday (unless you have been contacted and told that your child has been identified as a close contact).

We want you to know teaching and learning continues at Bowden Grandview for all students. Students in grades 1-10 (and those in other grades who are also isolating) will be contacted by their teacher and will be given information about accessing their work via the Google Classroom and with Google Meets. It is very important that your child completes the work assigned in the Google classroom and joins the Meets during their absence. If your child does not have access to a Chromebook please contact the school to sign one out.

We are so proud of the positive response from our students, families and staff, who have been incredibly understanding as we deal with this situation. Thank you, parents, for coming so quickly to pick up your child. We know that this was an inconvenience on your part. Kindness and support of one another is so important during these unprecedented events.

Thank you very much for your patience and understanding. Please let us know if you have any questions. We look forward to welcoming those students who are in isolation back on December 2. Until then take care and we will see you online

Sincerely,

Mr. Jeff Thompson
Principal

Mrs. Dawn Weststrate
Vice Principal
