Literacy Education

When another school year begins we know that fall is just around the corner! We love all things that fall around here! From children playing in crisp fallen leaves, carving pumpkins and counting seeds to beautifully crafted and illustrated books. The Leaf Thief is a funny picture book that teaches kids about autumn, adapting to change, and the seasons.

Another gorgeous and poignant picture book about two unexpected friends and the special connection they share is The Scarecrow by Beth Ferry,

Eric Fan (Illustrator) and Terry Fan (Illustrator).

This book beautifully reminds us of the comforting power of friendship and the joy of helping others.

Listen and enjoy the illustrations of these books on **KidTimeStoryTime**.
