# Bowden Grandview School

Students had the opportunity to learn about seeds, seed growth and the things that are needed to keep plants alive and well. The Seed Survivor presentation was an interactive way to learn more about the agriculture industry, its importance and the ins and outs of growing crops. It's games and hands on centres provided students a fun, real life learning experience. The K-5 students had a great time at the mobile classroom and loved every second of it!

**"Thank you** to President's choice for Power Full Kids Eat Well grant, and the continued support towards our Nutrition for learning program"

# AG DATA science camp

August 8-12, 2022

presented by

**Applications Open April 26, 2022**

**Discover How You Can  
Build a More Sustainable  
Future by Harnessing the  
Power of Data Informed  
Decision Making**

## **Explore How Data and Technology Can Help Transform the Future of Agriculture**

*Ag Data Science Camp is a five day overnight camp offered FREE of charge to highschool students in grades 11 and 12 interested in transforming the future of agriculture through data science and technology.*

## **Five Day Overnight Camp**

Experience life as a college student living in residence at Centennial Village. Explore what the campus has to offer, including the Olds College Smart Farm, Botanical Gardens and Constructed Wetlands.

Presented by Olds College, the camp exposes you to career paths in the emerging fields of precision agriculture, data science and agriculture technology.

Guided by instructors from the Werklund School of Agriculture Technology at Olds College, you'll be exposed to the principles of data literacy, informed decision making and emerging agriculture technologies.

Over the course of the week, you'll take part in engaging classroom discussions, demonstrations, guest lecturers and produce a final project demonstrating your new data informed decision making skills to solve an existing agricultural challenge in front of a panel of industry professionals.

## **AgSmart 2022**

As part of your camp curriculum, you get to enjoy two afternoons exploring AgSmart 2022, an outdoor educational agriculture expo featuring live equipment and technology demonstrations, educational sessions and exhibits discussing emerging trends in the agriculture industry.

**Visit [oldscollege.ca/agdatacamp](https://oldscollege.ca/agdatacamp) to apply!**

*Selection process in place. Limited spots available.*

## LITERACY EDUCATION

Summer break is just around the corner and with that comes a selection of great books to put on your list for your child in elementary! We won't give them all away just yet, we will be dropping a few great titles the next few weeks!

Two children's book superstars—#1 *New York Times* bestseller Jacqueline Woodson, the author of *The Day You Begin*, and Leo Espinosa, the illustrator of *Islandborn*—join forces to celebrate the joy and freedom of summer in the city, which is gloriously captured in their rhythmic text and lively art.

And Then Comes Summer by Tom Brenner is a joyful, sun-drenched tribute to the anticipation and adventures of the warmest season of the year.

Bubbles . . . Up! by Jacqueline Davies

An everyday visit to the pool transforms into an unforgettable celebration of the water in this remarkable picture book

## INDIGENOUS EDUCATION

In June, we commemorate National Indigenous History Month. During this month, take time to recognize the rich history, heritage, resilience and diversity of First Nations, Inuit and Métis Peoples across Canada. There are many events happening in and around Alberta this month to enjoy:
