

June 27, 2022

Bowden Grandview School

The end of June is nearing and we see another school year closing out. Congratulations to our 2022 graduating class. We wish you well in your future endeavors!

This has been another interesting year at Bowden Grandview school. One of our take-a-ways from this year is the importance of showing kindness to others. This is a theme that we have continually reflected on as a staff and with our students. In sticking with this theme, we just want to say that we so appreciate the kindness and support that we have received from our Bowden families and the greater community throughout the year.

We sadly have to say goodbye and thank you to the following BGS staff members: Corbyn Shields, Chelsea Burge, Molly Minor, Lisa Burkinshaw and Kristy Hartt. Your contributions to our school are numerous and you will be missed!!

We would like to welcome the following new staff members to our BGS family: Alexa Sackela- Geiger (Jr/Sr high/PE), Amy Severtson (grade 5/7), Katie Damgaard (jr/sr high math/science), Lori Tinnion (EA). We know you will be great additions to our team!

On behalf of the BGS staff we want to wish you a wonderful summer! We look forward to welcoming everyone back on September 1st.

Mr. Thompson and Mrs. Weststrate

What's Happening:

Monday, June 27

- **Physics 30 DIP**
- **Social 10 Exam**
- **Elementary Pop Up Water Park & BBQ**

Tuesday, June 28

- **K-12 Report Cards**
- **Students Last Day**

Bowden Grandview
School wishes
everyone a

relaxing and safe
summer vacation!

thank you!

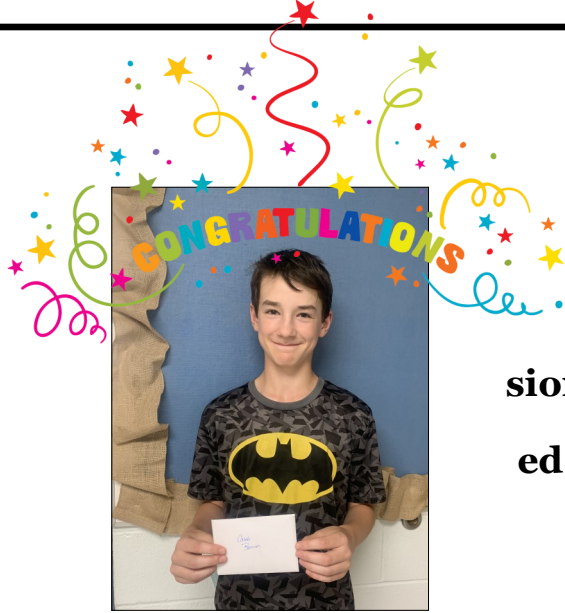

A HUGE THANK YOU
to Jade Prefontaine, FCSS Worker, Town of Bowden for a FUNTASTIC day Friday, June 17th! Grade 3, 4, 5 and Life Skills students enjoyed various activities throughout the day to get them revved up for summer!

Thank you!

On behalf of FOG, we would like to thank all the parents, grandparents and community members for supporting FOG this year. We were able to provide exercise bikes for the elementary students. We were able to provide support for the accelerated reading program, we bought new basketballs and volleyballs. We are supporting the life skills program and purchasing stands for the music program. Our biggest support to the school is providing breakfast for all the students in the school throughout the year. This year we started the program up in March and it has been a huge success. We want to thank all the volunteers that helped with this program. To those that we missed this year on the list, we definitely will get you signed up for next year. Last week we had our waffle day, thank you to all those that helped cooked, serve and clean up. All the kids loved having their waffle day again. A heads up, we will be looking for a few new board members for next year since we have parents that have now aged out. Once again, thank you for all your support.

Congratulations to Caleb Barnim! Our grade 6 student that has read 6,036,851 words in 82 books! He has a comprehension accuracy of 95% through our Accelerated Reader Program! Gift card sponsored by Friends of Grandview

**Con-
gratulations to our Accelerated
Reader Winners!
Cassidy Wood and Jayden Peck**

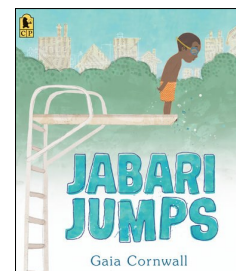

Zayden Parkhouse read 401 books in our LLI Program this year. He was rewarded with lunch out with Mrs. Thorkman

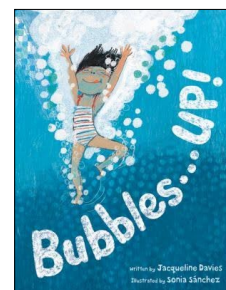

LITERACY EDUCATION

Do you prefer swimming in a pool, lake or in the ocean (or getting wet at all?) It's summertime and here are some great swimming themed picture books for the summer!

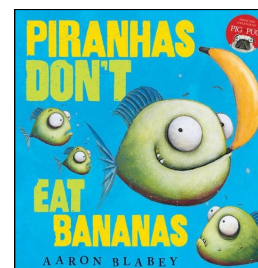

Let's jump into the book *Jabari Jumps* by Gaia Cornwall and then dip into a fun book! "This simple and sincere tale of working up courage to face fears makes quite a splash." — Kirkus Reviews

Bubbles . . . Up! An everyday visit to the pool transforms into an unforgettable celebration of the water in this remarkable picture book from Jacqueline Davies, the award-winning author of children's classic *The Lemonade War*, and Sonia Sánchez, the illustrator of Meg Medina's *Evelyn Del Rey Is Moving Away*

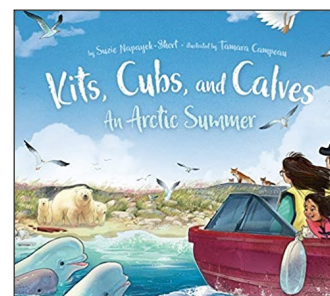

Piranhas Don't Eat Bananas by Aaron Blabey: The hysterical story of Brian, the piranha who loves bananas and all manner of fruits! His friends don't understand at all – their sharp teeth are for eating meat and there is a lovely pair of legs dangling nearby!! And yes, I know piranhas don't live in the ocean, but this is too good a fishy book not to include on the list!

INDIGENOUS EDUCATION

Kits, Cubs, and Calves: An Arctic Summer by Suzie Napayok-Short

Akuluk is visiting her family in Nunavut and can't wait to get out on her uncle's boat for a ride into the powerful Arctic Ocean. Surrounded by her family, and with her trusty toy polar bear beside her, Akuluk experiences the beautiful sights, sounds, and animals that abound in the ocean and along the shore during the short Arctic summer—from a mother polar bear and her cubs to a family of belugas and tiny Arctic fox kits. As they encounter each animal, Akuluk's aunt and uncles share with her how each species cares for its young, and how they protect their babies from the other animals who share their ecosystem. This beautiful story of family connection and respect for the natural world teaches young readers how close humans are to our animal counterparts and that caring for the environment in which we live is one of our most important responsibilities.

Our own Darnelle Leeming took time out of her exam week to create a beautiful mural in the art room. Thank you Darnelle for leaving your mark on our school!!

Bowden FCSS and YES Present

AG DATA science camp

August 8-12, 2022

presented by

Applications Open April 26, 2022

**Discover How You Can
Build a More Sustainable
Future by Harnessing the
Power of Data Informed
Decision Making**

Explore How Data and Technology Can Help Transform the Future of Agriculture

Ag Data Science Camp is a five day overnight camp offered FREE of charge to highschool students in grades 11 and 12 interested in transforming the future of agriculture through data science and technology.

Five Day Overnight Camp

Experience life as a college student living in residence at Centennial Village. Explore what the campus has to offer, including the Olds College Smart Farm, Botanical Gardens and Constructed Wetlands.

Presented by Olds College, the camp exposes you to career paths in the emerging fields of precision agriculture, data science and agriculture technology.

Guided by instructors from the Werklund School of Agriculture Technology at Olds College, you'll be exposed to the principles of data literacy, informed decision making and emerging agriculture technologies.

Over the course of the week, you'll take part in engaging classroom discussions, demonstrations, guest lecturers and produce a final project demonstrating your new data informed decision making skills to solve an existing agricultural challenge in front of a panel of industry professionals.

AgSmart 2022

As part of your camp curriculum, you get to enjoy two afternoons exploring AgSmart 2022, an outdoor educational agriculture expo featuring live equipment and technology demonstrations, educational sessions and exhibits discussing emerging trends in the agriculture industry.

Visit oldscollege.ca/agdatacamp to apply!

Selection process in place. Limited spots available.

Please Bring:

- Doll to practice with for the course. A doll will be provided, if you do not have one.
- Bagged lunch, snack (nut free), and water

To Register:

Online: www.townofpenhold.ca
Payment via OptionPay, or at
Town Office - cash/credit/debit.
