# Kindergarten Visitors

The Kindergarten class had visitors from the RDP Nursing Department this week as part of our Community Helpers Unit. The nurses showed us some tools they use and what they do, how germs can stick to our hands so we need to wash them well, and they helped us take care of our stuffies! A huge thank you to our RDP visitors for joining our class and having fun with us!

## **Grade 6 Visit the Mayor**

**BOWDEN**

The Grade 6 students went to the Bowden town office to meet the Mayor, Mr. Stuart, and the Chief Administration Officer, Mr. Friesen. The students are learning about local government in Social Studies and the trip to the town office gave them the opportunity to see how local government works. The visit was very informative and the students had a great time learning. They were especially thrilled to get a bag of goodies given to them by Mayor Stuart.

# Grade 1 & 2 Visit Museum

Grade 1 and 2 were delighted to visit the Bowden Pioneer Museum on Wednesday, November 16. The students took a brisk walk -- that wind was cold! -- over to the museum to deepen their understanding of a community from the past. They were very excited to view all the old artifacts -- music players, children's toys, telephones, and more. They especially enjoyed the sports memorabilia and the military exhibit. If you've never been to the museum, be sure to go! With hundreds of items wonderfully displayed, it is truly a step back in time!

## Purpose

Family Resource Network (FRN) focuses on prevention and early intervention services for families and youth aged 0-18 years. Funded by Alberta's Ministry of Children's Services, FRN believes that as long as a child is safe, they can achieve their greatest potential within their family unit. FRN educates parents and caregivers about child development, provides social supports, and offers coping and problem-solving skills in order to build resiliency and success within families and communities.

## Process

Through a "hub and spoke" service delivery model, FRNs (hubs) coordinate delivery of all programs and services, which are accessed either directly through a hub or via collaborative partnerships and agencies (spokes). FRN offers programs geared towards early childhood development, child and youth development, parent education, family support, and home visitation. "Hubs" may deliver all services, coordinate independent "spoke" services, or empower "spoke" services to support more than one FRN "hub" throughout certain regions.

## Outcomes

Using evidence-based and informed models, FRN employs a continuum of prevention and early intervention services to ensure that parents, caregivers, and children receive the care and tools they need to create strong family units, foster sense of belonging to a larger community, and thrive.

Program funded by:  
Alberta's Ministry of Children's Services
