Evidence and Investigation

The Grade 6 class had a special presentation on Evidence and Investigation from Constable Reynolds. Some of the things the students have been learning about in science are how important footprints, fingerprinting and tire tracks are in an investigation. The students learned a great deal of information about how to collect evidence. Some of them even said when they grow up they would like to be policemen. A big thank you to Constable Reynolds for coming into the grade 6 class to share his expertise.

Alberta Education Assurance (AEA) Surveys

Dear Parents/Guardians of Grade 4, 7 and 10 Students:

Alberta Education will soon be conducting the **Alberta Education Assurance (AEA) Surveys**. Alberta Education will mail a Random Access Code (RAC) to the homes of parents of students in grades 4, 7 and 10 in all schools in Alberta. This year parents will be completing the survey online. Instructions for doing so will have been included in your package, however, please do not hesitate to contact the school if you have any questions. Parents still have the option of completing the AEA survey on paper. Requests for a paper survey or translated survey can be directed to your school principal. Bowden Grandview School students in grades 4 to 12 will also complete a survey online. All student surveys will be completed at school.

The data in these surveys is very important for our school and as such, we strongly encourage you to take a few minutes to respond to the survey. You are asked to answer the questions based upon the experiences you had at our school. At Bowden Grandview School we value feedback from parents, students, and staff and will use it to identify areas of strength that we should continue and areas to modify for improvement. Communicating and working in partnership with our parents is a priority for us. The feedback you provide with this survey is an important step in the process. All surveys are anonymous.

Your participation in the survey helps provide important information on the quality of education your child is receiving, and is an important part of our planning process.

If you have any questions or concerns, please do not hesitate to contact the school.

Yours truly,

Bowden Grandview School Staff

Literacy Corner

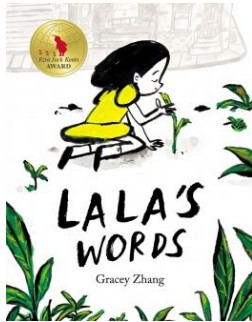

The 2023 Pink Shirt Day design was inspired by moments of kindness, empathy and understanding that can mean so much to children impacted by bullying. *Bowden Grandview School* will be wearing their pink shirts on Friday, February 17th.

Together... We Can Make a Difference!

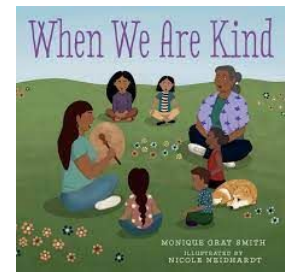

Show Your Support on Pink Shirt Day and Everyday

Last week we discussed a few great Canadian books with themes of kindness, anti-bullying and empathy. We have a few more to share!

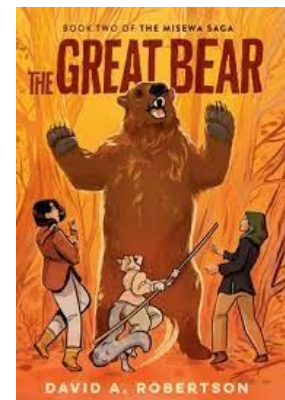

Lala's Words is a picture book about the power of kindness. Featuring muted colours and illustrations, it's a look at a girl named Lala who is determined to make a garden grow. She waters them everyday but it is her loving words and care that truly make her plants thrive. *Lala's Words* is for ages 4 to 8.

When We Are Kind is a picture book that walks children through simple acts of everyday kindness. It was created with the aim to encourage children to explore their feelings and to use kindness each and every day. *When We Are Kind* is for ages 3 to 5.

Indigenous Education

The Great Bear is the second book in David A. Robertson's Narnia-inspired Indigenous middle-grade fantasy series. Eli and Morgan journey once more to Misewa, travelling back in time. Each are struggling with personal issues and bullies at school, but Eli and Morgan turn to the place where they know they can learn the most, and make the journey to Misewa to visit their animal friends. But they are faced with personal, physical and emotional challenges that will force them to find the resolve to save themselves and everything they care for.

The Great Bear is for ages 10 and up.
